RE: Clarksville Urbanized Area MPO TIP Amendment #8

Dear Ms. Bourne:

The Clarksville Urbanized Area MPO Technical Coordinating Committee met on March 11, 2009 to recommend approval of an amendment to the FY2008-2011 Transportation Improvement Program. The Clarksville Urbanized Area MPO Executive Board met on March 11, 2009 and approved the recommended TIP amendment #8. The detailed TIP amendment #8 is attached, and was made available for public comment on March 11, 2009 and was subject to all required public participation requirements set forth in our Public Participation Plan.

The MPO has determined that the amendment #8 to the project will result in the TIP remaining fiscally constrained. TIP amendment #8 conforms with the State Implementation Plan (SIP) and complies with the Clean Air Act, the Transportation Conformity Regulation, the Statewide and Metropolitan Planning Regulation and other applicable Federal and State requirements.

The formal public participation process began with the publication of the MPO TCC and the MPO Executive Board joint meeting on March 11, 2009 in three publications: The Kentucky New Era, The Clarksville Leaf Chronicle and The El Crucero. No public comments were received at the public meeting or during the public comment period.

The Interagency Consultation Committee agreed said projects were exempt, per the Federal regulations 40 CFR part 93.126. This action did not change the most recent conformity determination made on July 28, 2005. Therefore, a new air quality conformity determination is not required under the Transportation Conformity Rule (62 FR 43779, 8/15/1997).

The attached resolutions outline the findings of the Clarksville Urbanized Area MPO Executive Board in taking this action to amend the FY2008-2011 TIP. These findings demonstrate that the TIP is a subset of the 2030 LRTP. It is therefore the request by the Clarksville Urbanized Area MPO that the TIP amendment be forwarded to the appropriate federal agencies for approval and be amended into the State of Kentucky State wide Transportation Improvement Program (STIP).

Should you have any questions, please contact me at your convenience at (931) 645-7448 or by email.

Sincerely,
