

CLARKSVILLE TRANSIT SYSTEM

TRANSIT ASSET MANAGEMENT PLAN

The Clarksville Transit System is the sole provider of public transportation for the Clarksville urbanized area which includes the city of Clarksville, TN, the city of Oak Grove, KY, and the Ft Campbell military installation. CTS's service area is approximately 109 square miles with a population of more 140,000 people. Our service area is comprised of three major business districts and trip generators. Downtown Clarksville is home to many human service organizations and almost all government buildings and services. Approximately seven miles to the north is the Ft Campbell military installation and the north Clarksville business district. Between six and eight miles to the east is the Saint Bethlehem business district. St. B, as it is known locally, is home Clarksville's only mall and the majority of retail and dining establishments.

The mission of the Clarksville Transit System is to plan, implement, maintain and manage a public transportation system that allows for maximum mobility for the community with emphasis on safety, quality and efficiency.

This Transit Asset Management Plan reflects a staff wide approach to bring together all processes influencing prioritization of available funding to maintain our transit assets in a state of good repair and expand service in support of the Department of Transportation's national goals. This plan considers existing assets, their evaluated condition throughout service life, asset lifecycle investments, and eventual replacements. Additionally, this plan considers addition of assets to enhance transit system productivity, improved environmental responsibility, improved passenger experience, and expanded ridership in support of the national goals.
